1) It shall be the duty of the three judges to conduct the races and their decision shall be final in all matters pertaining to the running of the races, including the placing of horse. u) At the closing time for filing entries for the succeeding day, the horses entered shall be drawn by lots for post positions, and a typewritten list of the horses so drawn into the race shall immediately be posted on the bulletin board in the Racing Secretary's office for inspection of the owners and trainers.

v) The entries of the races for the succeeding day shall become "Official" thirty minutes after such posting, and no changes thereafter shall be made because of any omissions or inaccuracies.

w) All horses must be stabled on the fair grounds no later than two hours prior to the post time for the first race of the day.

x) Jockeys must wear protective helmets.

 SUBCHAPTER f: ELIGIBILITY FOR BENEFITS

PART 2840

CLAIMANT'S REASON FOR SEPARATION FROM WORK

SUBPART B: VOLUNTARY LEAVE

Section
2840.125 Early Retirement Or Employment Buyout Packages

AUTHORITY: Implementing and authorized by Sections 601, 602, 1700 and 1701 of the Unemployment Insurance Act (Ill. Rev. Stat. 1991, ch. 48, pars. 431, 432, 610 and 611) [820 ILCS 405/601, 405/602, 405/1700 and 405/1701].

SOURCE: Adopted at 17 Ill. Reg. _____, effective _____.

SUBPART B: VOLUNTARY LEAVE

Section 2840.125 Early Retirement Or Employment Buyout Packages

- a) An individual who accepts his employer's offer of an early retirement or employment buy-out package and leaves work according to the terms and conditions of the offer is ineligible under Section 601 of the Act unless, at the time the offer is accepted:
- 1) the individual knows or reasonably believes that, within the proximate future, his employment will be terminated by the employer under terms and conditions substantially less favorable than the terms and conditions of the offer, or
 - 2) the individual knows or reasonably believes that his employment will continue but, in the proximate future, under terms and conditions substantially less favorable than the terms and conditions of his employment immediately prior to the offer, or
 - 3) the individual knows that a layoff will follow if a sufficient number of employees do not accept the offer of an early retirement or employment buy-out package and the individual accepts the offer to avoid the layoff of another employee.

DEPARTMENT OF EMPLOYMENT SECURITY

NOTICE OF PROPOSED RULEMAKING

- b) The circumstances under which an individual may be found to have the reasonable belief required by subsection (a)(1) or (a)(2) include but are not limited to circumstances in which the individual seeks but does not receive assurances from the employer that his employment will not in the proximate future be terminated under terms and conditions substantially less favorable than the terms and conditions of the offer or that the terms and conditions of his employment will not in the proximate future become substantially less favorable than the terms and conditions immediately prior to the offer, as the case may be.

- 1) Example: An employer operates a plant that has consistently earned a profit. The employer offers an early retirement package. There is no indication from the employer that the offer is intended to avert layoffs and there are no rumors to that effect within the plant. An employee at the plant accepts the offer and applies for unemployment benefits after separating from the employer. These facts alone do not establish the reasonable belief required by subsection (a)(1) or (a)(2); the individual is ineligible under Section 601.
- 2) Example: An employer who operates a plant with 800 employees offers an early retirement plan on October 1 and indicates that, if by December 31 of the same year fewer than 150 employees have accepted the offer, the employer may begin laying off "nonessential" employees in no particular order of seniority, with no benefits. On October 2 of that year an employee at the plant seeks but does not receive assurances from the employer that she is considered "essential," whereupon she accepts the offer. Without other evidence to the contrary, these facts establish the reasonable belief required by subsection (a)(1); the individual is not ineligible under Section 601.
- 3) Example: An employer who operates a plant with 900 employees announces it intends to downsize by 25 percent and offers an early retirement package on October 15. Rumors circulate through the plant that, if a sufficient number of employees do not accept the offer by the end of the year, layoffs will follow, with no benefits, although the employer has made no announcement to that effect. The employer is aware of the rumors and does not

DEPARTMENT OF EMPLOYMENT SECURITY

NOTICE OF PROPOSED RULEMAKING

take any action to dispel them. An employee seeks but does not receive assurances from the employer that he would not be laid off. Without other evidence to the contrary, if the employee accepts the offer, these facts establish the reasonable belief required by subsection (a) (1); the employee is not ineligible under Section 601.

- 4) Example: An employer operates a plant with 1,000 employees. On September 15, the employer offers an early retirement package to its most senior workers. Thereafter, rumors circulate throughout the plant that the employer is considering eliminating and restructuring jobs. In conversation with the employer, a senior employee is assured the employer has no plans to eliminate or restructure his job. However, the employer does observe that, if the next few years are as unprofitable as the current one, everybody's job could be at risk and the employer might not be able to offer early retirement packages as generous as the one now being offered. Troubled by the employer's observation, the employee accepts the offer. These facts alone are not sufficient to establish the reasonable belief required by subsection (a) (1); the employee is ineligible under Section 601. An employer's abstract statement of concern over what the future may bring is too speculative to establish a reasonable belief that the employee's job will be affected in the proximate future.

- 5) Example: An employer asks for "volunteers" to be laid off, explaining that each volunteer will receive two months of wages and extended health insurance coverage upon separation. The employer indicates that, if 250 volunteers are not found, it will lay off, with no benefits, a number of employees equal to the difference between 250 and the number of volunteers, irrespective of seniority. An employee volunteers after seeking but not receiving assurances from the employer that he would not be laid off. Without other evidence to the contrary, these facts establish the reasonable belief required by subsection (a) (1); the employee is not ineligible under Section 601.

- 6) Example: On January 2, an employer offers an employee an early retirement package. The offer is effective through April 15 of the same year. There

DEPARTMENT OF EMPLOYMENT SECURITY

NOTICE OF PROPOSED RULEMAKING

is no indication from the employer that the offer is intended to avert layoffs and there are no rumors to that effect within the workplace. The package would provide the employee with a greater pension than would otherwise have been available to her had she immediately retired and would provide the employee with the same medical benefits that are currently provided to her as a full time employee, including full medical insurance for the employee's sick husband. The employer indicates to the employee that, if she does not accept the offer, the employer will, as of April 16, discontinue medical insurance for the husband. The employee accepts the offer. These facts establish the reasonable belief required by subsection (a) (2); the employee is not ineligible under Section 601.

- 7) Example: On January 2, an employer offers an employee an early retirement package. The offer is effective through April 15 of the same year. There is no indication from the employer that the offer is intended to avert any layoffs and there are no rumors to that effect within the workplace. The package would provide the employee with a greater pension than would otherwise have been available to her had she immediately retired and would provide full medical insurance for the employee and her sick husband, even though the employer does not currently provide medical insurance for employees, retirees or the families of employees or retirees. There is no indication that the terms and conditions of the employee's employment will change if she does not accept the offer, although by not accepting the offer, she will forego any medical insurance furnished by the employer. The employee accepts the offer. These facts do not establish the reasonable belief required by subsection (a) (2); the employee is ineligible under Section 601.

- 8) Example: An employer who operates a plant with 1,000 employees asks for "volunteers" to be laid off, explaining that each volunteer will receive two months of wages and extended health insurance coverage upon separation. The employer indicates that, if 250 volunteers are not found, it will lay off, with no benefits, a number of employees equal to the difference between 250 and the number of volunteers. An individual who, because of his seniority, knows he will not be laid off, volun-

DEPARTMENT OF EMPLOYMENT SECURITY

NOTICE OF PROPOSED RULEMAKING

teers to be laid off in place of his son, who has little seniority. According to subsection (a)(3), the individual is not ineligible under Section 601.

- c) An individual who accepts his employer's offer of an early retirement or employment buy-out package and leaves work according to the terms and conditions of the offer and is not ineligible under Section 601 of the Act may still be ineligible under other provisions of the Act.

- 1) Example: An employer announces it intends to downsize by 25 percent and offers an early retirement package which includes a generous pension package financed solely by the employer. Rumors circulate through the plant that, if a sufficient number of employees do not accept the offer by the end of the year, layoffs will follow, with no benefits, although the employer has made no announcement to that effect. The employer is aware of the rumors and does not take any action to dispel them. An employee seeks but does not receive assurances from the employer that he would not be laid off. Without other evidence to the contrary, if the employee accepts the offer, these facts establish the reasonable belief required by subsection (a)(1); the employee is not ineligible under Section 601. However, because the individual's retirement pension is financed solely by the employer, it will be 100% disqualifying income for each week for which the individual qualifies for the pension.

- 2) Example: An employer announces it intends to downsize by 25 percent and offers an early retirement package. Rumors circulate through the plant that, if a sufficient number of employees do not accept the offer by the end of the year, layoffs will follow, with no benefits, although the employer has made no announcement to that effect. The employer is aware of the rumors and does not take any action to dispel them. An employee seeks but does not receive assurances from the employer that he would not be laid off. Without other evidence to the contrary, if the employee accepts the offer, these facts establish the reasonable belief required by subsection (a)(1); the employee is not ineligible under Section 601. However, the individual decides that he will retire from the

labor force and relocate to Florida. This individual will be ineligible for each week during which he is not able to, available for or actively seeking work.

Section 1103.10 Preamble

- a) The Illinois Insurance Department recognizes that licensed insurers routinely enter into reinsurance agreements that yield legitimate relief to the ceding insurer from strain to surplus.
- b) However, it is improper for a licensed insurer, in the capacity of ceding insurer, to enter into reinsurance agreements, for the principal purpose of producing significant surplus aid for the ceding insurer, typically on a temporary basis, while not transferring all of the significant risks inherent in the business being reinsured. In substance or effect, the expected potential liability to the ceding insurer remains basically unchanged by the reinsurance transaction, notwithstanding certain risk elements in the reinsurance agreement such as catastrophic mortality or extraordinary survival. The terms of such agreements referred to herein and described in Section 1103.30 would violate:

- 1) Section 133 and 136 of the Illinois Insurance Code, hereafter the "Code" (Ill. Rev. Stat. 1991, ch. 73, pars. 745 and 748) [215 ILCS 5/133 and 5/136], relating to financial statements which do not

properly reflect the financial condition of the ceding insurer;

- 2) Section 173.2 of the Code (Ill. Rev. Stat. 1991, ch. 73, par. 785.2) [215 ILCS 5/173.2], relating to reinsurance reserve credits, thus resulting in a ceding insurer improperly reducing liabilities or establishing assets for reinsurance ceded; and
- 3) Section 188 of the Code (Ill. Rev. Stat. 1991, ch. 73, par. 800) [215 ILCS 5/800], relating to creating a situation that may be hazardous to policyholders and the people of this State.

Section 1103.20 Scope

This Part shall apply to all domestic life, accident and health insurers and to all other licensed life and health insurers who are not subject to the same regulation in their domiciliary state. This Part shall also apply to licensed property and casualty insurers with respect to their accident and health business. This Part shall not apply to assumption reinsurance, yearly renewable term reinsurance, or certain nonproportional reinsurance such as stop loss or catastrophe reinsurance.

Section 1103.30 Accounting Requirements

- a) No insurer subject to this Part shall, for reinsurance ceded, reduce any liability or establish any asset in any financial statement filed with the Department if, by the terms of the reinsurance agreement, in substance or effect, any of the following conditions exist:
 - 1) Renewal expense allowances provided or to be provided to the ceding insurer by the reinsurer in any accounting period, are not sufficient to cover anticipated allocable renewal expenses of the ceding insurer on the portion of the business reinsured, unless a liability is established for the present value of the shortfall, using assumptions equal to the applicable statutory reserve bases on the business reinsured. Those expenses include commissions, premium taxes and direct expenses including but not limited to billing, valuation, claims and maintenance expected by the company at the time the business is reinsured.

DEPARTMENT OF INSURANCE

NOTICE OF PROPOSED RULES

- 2) The ceding insurer can be deprived of surplus or assets at the reinsurer's option or automatically upon the occurrence of some event, such as the insolvency of the ceding insurer, except that termination of the reinsurance agreement by the reinsurer for nonpayment of reinsurance premiums or other amounts due, including but not limited to modified coinsurance reserve adjustments, interest and adjustments on funds withheld, and tax reimbursements, shall not be considered to be such a deprivation of surplus;
- 3) The ceding insurer is required to reimburse the reinsurer for negative experience under the reinsurance agreement, except that neither offsetting experience refunds against current and prior years' losses nor payment by the ceding insurer of an amount equal to the current and prior years' losses under the agreement upon voluntary terminations of in-force reinsurance by ceding insurer shall be considered such a reimbursement to the reinsurer for negative experience. Voluntary termination does not include situations where termination occurs because of unreasonable provisions which allow the reinsurer to reduce its risk under the agreement. An example of such a provision is the right of the reinsurer to increase reinsurance premiums or risk and expense charges to excessive levels forcing the ceding company to prematurely terminate the reinsurance treaty;
- 4) The ceding insurer shall, at specific points in time scheduled in the agreement, terminate or automatically recapture all or part of the reinsurance ceded;
- 5) The reinsurance agreement involves the possible payment by the ceding insurer to the reinsurer of amounts other than from income realized from the reinsured policies. For example, it is improper for a ceding company to pay reinsurance premiums or other fees or charges to a reinsurer which are greater than the direct premiums collected by the ceding company;
- 6) The treaty does not transfer all of the significant risk inherent in the business being reinsured.

DEPARTMENT OF INSURANCE

NOTICE OF PROPOSED RULES

- Exhibit A identifies for a representative sampling of products or type of business, the risks which are considered to be significant. For products not specifically included, the risks determined to be significant shall be consistent with Exhibit A;
- 7) Requirements concerning credit quality, reinvestment or disintermediation risk.

- A) The credit quality, reinvestment or disintermediation risk is significant for the business reinsured and the ceding company does not (other than for the classes of business excepted in (B) below) either transfer the underlying assets to the reinsurer or legally segregate such assets in a trust account or escrow account or otherwise establish a mechanism which segregates, by contract or contract provision, the underlying assets.
- B) Notwithstanding the requirements of (7)(A) above, the assets supporting the reserves for the following classes of business and any classes of business which do not have a significant credit quality, reinvestment or disintermediation risk may be held by the ceding company without segregation of such assets; Health Insurance LTC/LTD, Traditional Non-Par Permanent, Traditional Par Permanent, Adjustable Permanent, Indeterminate Premium Permanent, Universal Life Fixed Premium (no dump-in premiums allowed). The associated formula for determining the reserve interest rate adjustment shall use a formula which reflects the ceding company's investment earnings and incorporates all realized and unrealized gains and losses reflected in the statutory statement. The following is an acceptable formula:

$$\text{Rate} = \frac{2(I + CG)}{(X + Y - I - CG)}$$
 - i) 1) I is the net investment income (Exhibit 2, Line 7 of the Life, Accident and Health Annual Statement) and (Underwriting and Investment Exhibit Part 1,

ii) CG is capital gains less capital losses (Exhibit 4, Line 10, Column 6 of the Life, Accident and Health Annual Statement) and (Part 1A, Line 10, Column 7 of the Fire and Casualty Annual Statement)

12) The reinsurance agreement is entered into for the principal purpose of producing significant surplus aid for the ceding company typically on a temporary basis, while not transferring all of the significant risks inherent in the business reinsured and, the remaining liability to the ceding insurer remains basically unchanged.

iii) X is the current year cash and invested assets (Page 2, Column 1, Line 10A of the Life, Accident and Health Annual Statement) and (Page 2, Column 1, Line 8A of the Fire and Casualty Annual Statement) plus investment income due and accrued (Page 2, Column 1, Line 16 of the Life, Accident and Health Annual Statement) and (Page 2, Column 1, Line 15, of the Fire and Casualty Annual Statement) less borrowed money (Page 3, Column 1, Line 22 of the Life, Accident and Health Annual Statement) and (Page 3, Column 1, Line 7 plus Line 8 of the Fire and Casualty Annual Statement)

b) Requirements for reinsurance of in-force business.

1) Agreements entered into after the effective date of this Part along with any subsequent amendments thereto, which involve the reinsurance of business issued prior to the effective date of the agreements or amendments thereto must meet the requirements of Section 174 of the Illinois Insurance Code (Ill. Rev. Stat. 1991, ch. 73, par. 786) [215 ILCS 5/174]. Each filing shall include data detailing the financial impact of the transaction. The ceding insurer's actuary who signs the financial statement actuarial opinion with respect to valuation of reserves shall consider this Part and any applicable actuarial standards of practice when determining the proper credit in financial statements filed with the Department. The actuary shall maintain documentation and be prepared to describe the actuarial work performed for inclusion in the financial statements and to demonstrate that such work conforms to this Part.

8) Settlements are made less frequently than quarterly or payments due from the reinsurer are not made in cash within ninety (90) days of the settlement date;

2) Any increase in surplus net of federal income tax resulting from arrangements described in subsection (b)(1) above shall be identified separately on the insurer's statutory financial statements as a surplus item (aggregate write-ins for gains and losses in surplus in the Capital and Surplus Account, (Page 4, Column 1, Line 46 of the Life, Accident and Health Annual Statement) and (Page 4, Column 1, Line 30 of the Fire and Casualty Annual Statement) and recognition of the surplus increase as income shall be reflected on a net of tax basis in the "Reinsurance ceded" (Page 4, Column 1, Line 5, of the Life, Accident and Health Annual

9) The ceding insurer is required to make representations or warranties not reasonably related to the business being reinsured;

10) The ceding insurer is required to make representations or warranties about future performance of the business being reinsured;

Statement) and in the "Miscellaneous Income" (Page 4, Column 1, Line 12, of the Fire and Casualty Annual Statement) as earnings emerge from the business reinsured.

For example, on the last date of calendar year N, company XYZ pays a \$20 million initial commission and expense allowance to company ABC for reinsuring an existing block of business. Assuming a 34% tax rate, the net increase in surplus at inception is \$13.2 million (\$20 million - \$6.8 million) which is reported on the "Aggregate write-ins for gains and losses in surplus" line in the Capital and Surplus account. \$6.8 million (34% of \$20 million) is reported as income on the "Commissions and expense allowances on reinsurance ceded" line of the Summary of Operations. At the end of the year N + 1 the business has earned \$4 million. ABC has paid \$.5 million in profit and risk charges in arrears for the year and has received a \$1 million experience refund. Company ABC's annual statement would report \$1.65 million (66% of (\$4 million - \$1 million - \$.5 million) up to a maximum of \$13.2 million) on the "Commissions and expense allowance on reinsurance ceded" line of the Summary of Operations, and -\$1.65 million on the "Aggregate write-ins for gains and losses in surplus" line of the Capital and Surplus account. The experience refund would be reported separately as a miscellaneous income item in the Summary of Operations.

Section 1103.40 Written Agreements

- a) No reinsurance agreement or amendment to any agreement shall be used to reduce any liability or to establish any asset in any financial statement filed with the Department, unless the agreement, amendment or a binding letter of intent has been duly executed by both parties no later than the "as of date" of the financial statement.
- b) In the case of a letter of intent, a reinsurance agreement or an amendment to a reinsurance agreement must be executed within a reasonable period of time, not exceeding ninety (90) days from the execution date of the letter of intent, in order for credit to be granted for the reinsurance ceded.

DEPARTMENT OF INSURANCE

NOTICE OF PROPOSED RULES

- c) The reinsurance agreement shall contain provisions which provide:

- 1) That the agreement shall constitute the entire agreement between the parties with respect to the business being reinsured thereunder and that there are no understandings between the parties other than as expressed in the agreement; and
- 2) Any change or modification to the agreement shall be null and void unless made by amendment to the agreement and signed by both parties.

Section 1103.50 Existing Agreements

Insurers subject to this Part shall reduce to zero by December 31, 1994 any reserve credits or assets established with respect to reinsurance agreements which, under the provisions of this Part would not be entitled to recognition of such reserve credits or established assets provided, however, that such reinsurance agreements shall have been in compliance with the laws and regulations in existence immediately preceding the effective date of this Part.

Section 1103. Exhibit A Risk Category

Risk Categories:

- a) Morbidity
- b) Mortality
- c) Lapse

This is the risk that a policy will voluntarily terminate prior to the recoupment of a statutory surplus strain experienced at issue of the policy.

- d) Credit Quality (C1)

This is the risk that invested assets supporting the reinsured business will decrease in value. The main hazards are that assets will default or that there will be a decrease in earning power. It excludes market value declines due to changes in interest rate.

- e) Reinvestment (C3)

This is the risk that interest rates will fall and funds reinvested (coupon payments or monies received upon asset maturity or call) will therefore earn less than expected. If asset durations are less than liability durations, the mismatch will increase.

f) Disintermediation (C3)

This is the risk that interest rates rise and policy loans and surrenders increase or maturing contracts do not renew at anticipated rates of renewal. If asset durations are greater than the liability durations, the mismatch will increase. Policyholders will move their funds into new products offering higher rates. The company may have to sell assets at a loss to provide for these withdrawals.

| 5) <u>A Complete Description of the Subjects and Issues Involved:</u> | | | | |

A more detailed description is contained in the Board's Proposed Opinion of May 20, 1993 in R93-6, which Opinion is available from the address below. Section 13(c) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, par. 1013(c)) [415 ILCS 5/13(c)] provides that Section 5 of the Administrative Procedure Act shall not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCARR.

This rulemaking updates the Board's RCRA underground injection control rules to correspond with amendments adopted by USEPA which appeared in the Federal Register during the period July 1 through December 31, 1993. During this period, USEPA amended 146.68(d)(4), which corresponds with 35 Ill. Adm. Code 730.168(d)(4), to generally allow the owner or operator to perform casing inspection logs as part of a routine well workover in which the injection string is pulled. Formerly, USEPA required these tests every five years. The federal rule allows the Director of USEPA to waive the requirement based on the unreliability based on factors relating to the well. USEPA further added the condition that the Director could waive the requirement based on consideration of satisfactory results from a log run within the last five years. It also allows the Director to require an owner or operator to run these logs every five years if there is reason to believe that the integrity of the long string casing of the well may be adversely affected by naturally-occurring or man-made events.

6) Will this proposed rule replace an emergency rule currently in effect? No.

7) Does this rulemaking contain an automatic repeal date? No.

8) Does these proposed amendments contain incorporations by reference?

No. The existing rules include incorporations by reference, centrally incorporated at 35 Ill. Adm. Code 720.111 for all of Parts 720 through 738. The present amendments do not affect any of the existing incorporations.

9) Are there any other amendments pending on this Part? No.

10) Statement of Statewide Policy Objectives:

This rulemaking is mandated by Section 13(c) of the Environmental Protection Act. The statewide policy objectives are set forth in Section 11 of that Act. This rulemaking imposes mandates on units of local government only to the extent that they may be involved in underground

A) Date rule was submitted to the Small Business Office of the Department of Commerce and Community Affairs: May 24, 1993.

B) Types of small businesses affected:

The existing rules and proposed amendments affect small businesses which engage in the underground injection of hazardous wastes. The present amendments amend the existing requirements to the extent they allow the relaxation of an existing monitoring and recordskeeping requirement.

C) Reporting, bookkeeping or other procedures required for compliance:

The existing rules and proposed amendments require extensive reporting, bookkeeping and other procedures, including the preparation of manifests and annual reports, waste analyses and maintenance of operating records. The present amendments amend the existing requirements to the extent they allow the relaxation of an existing monitoring and recordskeeping requirement.

D) Types of professional skills necessary for compliance:

Compliance with the existing rules and proposed amendments may require the services of an attorney, certified public accountant, chemist and registered professional engineer.

**SUBPART G: CRITERIA AND STANDARDS APPLICABLE TO CLASS I
HAZARDOUS WELLS**

Section 730.168 Testing and Monitoring Requirements

Testing and monitoring requirements shall at a minimum include:

a) Monitoring of the injected wastes.

1) The owner or operator shall develop and follow an approved written waste analysis plan that describes the procedures to be carried out to obtain a detailed chemical and physical analysis of a representative sample of the waste, including the quality assurance procedures used. At a minimum, the plan shall specify:

- A) The parameters for which the waste will be analyzed and the rationale for the selection of these parameters;
- B) The test methods that will be used to test for these parameters; and
- C) The sampling method that will be used to obtain a representative sample of the waste to be analyzed.

2) The owner or operator shall repeat the analysis of the injected wastes as described in the waste analysis plan at frequencies specified in the waste analysis plan and when process or operating changes occur that may significantly alter the characteristics of the waste stream.

3) The owner or operator shall conduct continuous or periodic monitoring of selected parameters as required by permit condition.

4) The owner or operator shall assure that the plan remains accurate and the analyses remain representative.

POLLUTION CONTROL BOARD

NOTICE OF PROPOSED AMENDMENTS

b)

Hydrogeologic compatibility determination. The owner or operator shall submit information demonstrating that the waste stream and its anticipated reaction products will not alter the permeability, thickness or other relevant characteristics of the confining or injection zones such that they would no longer meet the requirements specified in Section 730.162.

c)

Compatibility of well materials.

1) The owner or operator shall demonstrate that the waste stream will be compatible with the well materials with which the waste is expected to come into contact, and submit to the Agency a description of the methodology used to make that determination. Compatibility for the purposes of this requirement is established if contact with injected fluids will not cause the well materials to fail to satisfy any design requirement imposed under Section 730.165(b).

2) The Agency shall require continuous corrosion monitoring of the construction materials used in the well for wells injecting corrosive waste, and may require such monitoring for other wastes, by:

- A) Placing coupons of the well construction materials in contact with the waste stream; or
- B) Routing the waste stream through a loop constructed with the material used in the well; or
- C) Using an alternative method approved by permit condition.

3) If a corrosion monitoring program is required:

A) The test must use materials identical to those used in the construction of the well, and such materials must be continuously exposed to the operating pressures and temperatures (measured at the well head) and flow rates of the injection operation; and

B) The owner or operator shall monitor the materials for loss of mass, thickness, cracking, pitting and other signs of corrosion on a quarterly basis to ensure that the well components meet the minimum standards for material strength and performance set forth in Section 730.165(b).

d)

Periodic mechanical integrity testing. In fulfilling the requirements of Section 730.108, the owner or operator of a Class I hazardous waste injection well shall conduct the mechanical integrity testing as follows:

- 1) The long string casing, injection tube, and annular seal must be tested by means of an approved pressure test with a liquid or gas annually and whenever there has been a well workover;

NOTICE OF PROPOSED AMENDMENTS

- 3) An approved temperature, noise, or other approved log must be run at least once every five years to test for movement of fluid along the borehole. The Agency may require such tests whenever the well is worked over;
- 4) Running casing inspection logs.

A) Casing inspection logs must be run at ~~least once every five years~~ whenever the owner or operator conducts a workover in which the injection string is pulled, unless the Agency by permit ~~specifies~~ allows otherwise;

- i) ~~due to well construction or other factors which~~ that limit the test's reliability, or
- ii) based on the satisfactory results of a casing inspection log run within the previous five years.

B) The Agency may require by permit that the owner or operator run a casing inspection log if it determines that it has reason to believe that the integrity of the long string casing of the well may be adversely affected by naturally-occurring or man-made events; and

- 5) Any other test specified by permit condition in accordance with the procedures in Section 730.108(d) may also be used.

e) Ambient Monitoring.

- 1) Based on a site-specific assessment of the potential for fluid movement from the well or injection zone, and on the potential value of monitoring wells to detect such movement, the Agency shall require the owner or operator to develop a monitoring program. At a minimum, the Agency shall require monitoring of the pressure buildup in the injection zone annually, including at a minimum, a shut down of the well for a time sufficient to conduct a valid observation of the pressure fall-off curve.

- 2) When prescribing a monitoring system the Agency may also require:

- A) Continuous monitoring for pressure changes in the first aquifer overlying the confining zone. When such a well is installed, the owner or operator shall, on a quarterly basis, sample the aquifer and analyze for constituents specified by permit condition;
- B) The use of indirect, geophysical techniques to determine the position of the waste front, the water quality in a formation designated by permit condition, or to provide other site-specific data;

AUTHORITY: Implementing and authorized by "AN ACT in relation to payment of taxes by electronic funds transfer, amending named acts" (P.A. 87-1132 as amended by P.A. 87-1246)

SOURCE: Adopted at ___ Ill. Reg. ___, effective _____.

Section 750.100 Scope of the Program and Rules

- a) Public Act 87-1132, as amended by P.A. 87-1246, requires Illinois taxpayers with liabilities for income taxes and occupation and use taxes exceeding established thresholds to pay their tax liabilities by electronic funds transfer beginning in October 1993. The law provides that the statutory thresholds are calculated by tax type. In other words, a taxpayer with both retailers' occupation tax liability and income tax liability will not have those tax liabilities combined when determining eligibility for the program. In addition, income tax withholding and a taxpayer's estimated income tax liabilities are separately considered in determining eligibility. The threshold for required participation in the program is to be phased in over a three year period.

- b) Electronic funds transfer replaces the physical movement and handling of paper checks with electronic instructions to financial institutions to transfer funds between accounts of those making and receiving payments.

- c) Use of electronic funds transfer is intended to:

- 1) Make the payment of taxes easier for taxpayers;

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

- 2) enhance state revenues through acceleration of the collection mechanism for taxes; and
- 3) improve enforcement and compliance through the elimination of the delays and uncertainties which result from mailing and manually processing paper returns and tax payments.

Section 750.200 Definitions

The following meanings are to be given to the terms used in this Part:

"ACH" or "Automated Clearing House" means a central distribution and settlement point for the electronic clearing of debits and credits between financial institutions rather than the physical movement of paper items. The term includes any Federal reserve bank, or an organization established by agreement with the National Automated Clearing House Association, which operates as a clearing house for transmitting or receiving entries between banks and/or bank accounts and which authorizes an electronic transfer of funds between such banks or bank accounts.

"ACH Credit" means an electronic transfer in which the taxpayer, through its own bank, originates an entry for deposit with the Department.

"ACH Debit" means the electronic transfer of funds from the taxpayer's account which is generated upon the taxpayer's instruction and cleared the ACH for deposit with the Department.

"Department" means the Illinois Department of Revenue.

"Electronic Funds Transfer" means a transfer of funds, other than a transaction originated by check, draft or similar paper instrument, which is initiated through an electronic terminal, telephone, or computer or magnetic tape so as to order, instruct or authorize a financial institution to debit or credit an account.

"Federal Reserve Wire Transfer" (hereinafter referred to as "Fedwire") means any transaction utilizing the national electronic payment system to transfer funds through Federal Reserve Banks. For purposes of the electronic funds transfer program a Fedwire is similar to an ACH Credit in that the taxpayer originates a transaction utilizing the Federal Reserve banking system, debiting its own bank account and crediting the State Treasury for the amount of a tax payment.

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

"Payment Information" means the data which the Department requires of a taxpayer making an EFT payment.

"TXP Banking Convention" means a technical format for the communication of limited tax remittance data accompanying a payment through the Automated Clearing House (ACH) System. This convention includes a list of standard tax type codes and account type codes.

"Taxpayer" means any person required or permitted to remit an amount by the electronic transfer of funds. For purposes of these rules, "person" includes any individual, firm, partnership, joint adventure, association, corporation, estate, limited liability company, trust, business trust, receiver, syndicate, or other group or combination acting as a unit and also includes any political subdivision, municipality, state agency, bureau, or department and includes the plural as well as the singular number.

Section 750.300 Payments Required to be Paid by Electronic Funds Transfer

a) Income tax payments

- 1) Beginning on October 1, 1993, certain withholding tax payments and estimated income tax payments will be required to be paid by electronic funds transfer. The threshold amounts are set by law, change over time, and are detailed below.
- 2) *Beginning on October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more under Article 7 of this Act shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1993, a taxpayer who has an average quarterly estimated tax payment obligation of \$450,000 or more under Article 8 of this Act shall make all payments required by rules of the Department by electronic funds transfer. (Section 6.01 of the Illinois Income Tax Act (Ill. Rev. Stat. 1991, ch. 120, par. 6-601) [35 ILCS 5/601] ("the IITA"))*

- A) Beginning on October 1, 1994, the threshold for taxpayers with withholding liability under Article 7 of the IITA drops to an average monthly liability of \$100,000 and beginning on October 1, 1995 the threshold drops to an average monthly liability of \$50,000.

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

- B) Beginning on October 1, 1994, the threshold for taxpayers with liability for estimated tax payments under Article 8 of the IITA drops to an average quarterly estimated tax payment obligation of \$300,000, and beginning on October 1, 1995, the threshold drops to an average quarterly estimated tax payment obligation of \$150,000.
- 3) The Department will only require payments by electronic funds transfer in those circumstances in which it is cost-effective for the Department to receive payments by electronic funds transfer and where receipt of payments by electronic funds transfer is consistent with the Department's tax processing capabilities.
- 4) Taxpayers over the statutory thresholds will only be required to make certain types of income tax payments by electronic funds transfer.
- A) Taxpayers with income tax withholding liabilities over the statutory thresholds shall make IL-501 payments by electronic funds transfer. All other withholding payments by those taxpayers shall be made by conventional means.
- B) Corporate taxpayers with estimated income and replacement tax liabilities over the statutory thresholds shall make IL-1120 ES payments and IL-505B payments by electronic funds transfer.
- C) Individual taxpayers with estimated income tax liabilities over the statutory thresholds shall make IL-1040ES and IL-505I payments by electronic funds transfer.
- D) Any other taxpayers not listed above that incur estimated income tax liabilities over the statutory thresholds will, upon contact by the Department, be required to make subsequent estimated payments by electronic funds transfer as directed by the Department.

b) State and local occupation and use tax payments

- 1) Beginning on October 1 1993, the Department will require certain accelerated state and local occupation and use tax payments to be made by electronic funds transfer. The Department will only require that accelerated payments for

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

taxpayers over the thresholds stated below, be made by electronic funds transfer.

- 2) *Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. (Section 3 of the Retailers' Occupation Tax Act (Ill. Rev. Stat. 1991, ch. 120, par. 442) [35 ILCS 120/3], ("the ROT"))*

A) Beginning October 1, 1994, the threshold for taxpayers required to make payments by electronic funds transfer drops to those taxpayers with average monthly tax liability of \$100,000.

B) Beginning October 1, 1995, the threshold for taxpayer's required to make payments by electronic funds transfer drops to those taxpayers with average monthly tax liability of \$50,000.

- 3) The Department will only require payments by electronic funds transfer in those circumstances in which it is cost-effective for the Department to receive payments by electronic funds transfer and where receipt of payments by electronic funds transfer is consistent with the Department's tax processing capabilities.

- 4) Taxpayers over the statutory thresholds will only be required to make RR-3 sales tax accelerated quarter-monthly payments by electronic funds transfer. Any other payments which accompany a tax return (for example, ST-1 return payments, ST-1-X return payments, 556 return payments, PST-3 return payments, etc.), may not be paid by electronic funds transfer.

Section 750.400 Eligibility Determination and Taxpayer Notification

Beginning in 1993, before August 1, the Department shall notify all taxpayers required to make payments by electronic funds transfer. For all years after 1993, the Department will notify, before August 1, only those taxpayers who become required to make payments by electronic funds transfer. All taxpayers required or permitted to make payments by electronic funds transfer shall make such payments for a minimum of one year beginning on October 1.

Section 750.500 Voluntary Program Participation

- a) Any taxpayer who is not required to make estimated or accelerated payments by electronic funds transfer is encouraged to

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

seek the permission of the Department to make payments by electronic funds transfer.

- b) Taxpayers who wish to voluntarily participate in the electronic funds transfer program must file an application for participation with the Department. Taxpayers should be aware that it will generally take a minimum of 60 days for the Department to process a request for voluntary participation in the electronic funds transfer program.
- c) In determining whether to grant or deny an application for participation the Department will consider the filing and payment history of the taxpayer, the average amount of payments made by the taxpayer and the cost to the Department of the taxpayer's participation in the program versus the cost to the Department of processing traditional forms of payment from the taxpayer.
- d) Once an applicant has been approved as a voluntary participant, all required payments must be made by electronic funds transfer for the next twelve months. Voluntary participants may not switch back and forth between electronic funds transfer and payment by check or draft. Failure to pay by the due date by electronic funds transfer may be grounds for dismissal from voluntary participation in the program.

Section 750.600 Methods of Electronic Funds Transfer Payment

- a) There are two primary methods for payment by electronic funds transfer under the program, along with one emergency backup method. These methods are ACH Debit, ACH Credit and Fedwire. Taxpayers may use either the ACH Debit or Credit methods for payment. Fedwire is only offered as an emergency backup method of payment.
- b) To use the ACH debit option taxpayers must place a toll-free call to the Department's data collection service and provide the appropriate account number and required tax payment information. The data collection service will then provide the taxpayer with a unique "confirmation number" to acknowledge the call. The call must be placed by 3:30 pm Central Standard Time at least one day prior to the due date for the payment. The data collection service will initiate the ACH debit to the taxpayer's account the same day the taxpayer calls the Department and a credit to the Department's account will be made the following day. When a taxpayer chooses this payment option, the Department will provide the taxpayer with a detailed set of technical instructions related to the payment mechanism.

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

- c) To use the ACH credit option, the taxpayer initiates a credit by instructing its bank to transfer the tax due from the taxpayer's account to the Department's account. The taxpayer's bank will then insert a "trace number" into the payment transaction to be used as a payment verification. In addition to the payment amount, taxpayer account posting information is sent with the funds transfer using the TXP convention. This is a standard format developed for use by all states accepting tax payments by means of ACH credit. A copy of the TXP convention is provided as a portion of the technical instructions provided to taxpayers making payment in this form.

- 1) The ACH Credit must be initiated at least one day prior to the due date of the payment so the funds are available on the due date.
- 2) Before choosing this option on the registration form, a taxpayer should contact its bank to determine what ACH services are offered by the bank.

- d) The Fedwire option for payment is offered by the Department only as a backup method. If for some reason a taxpayer is unable to initiate an ACH debit or ACH credit one day prior to the due date of the tax, Fedwire is the only electronic alternative method available to avoid late payment penalties and interest. If this backup method is used, the taxpayer's bank must initiate the Fedwire by noon Central Standard Time on the tax due date.

- 1) Fedwires have costs associated with them for both the initiator and the receiver. A taxpayer using this option will be required to pay the initiators fee, and the receiver fee will be charged to the Department.
- 2) To effectively credit the payment information to the taxpayer's account, the Department's standard Fedwire format (the Department requires the same data as the TXP convention) information should be entered by taxpayer's bank as part of the Fedwire transaction. The taxpayer's bank should provide taxpayer with a paper copy of the transmission for taxpayer's records. A copy of the Department's standard Fedwire format is included in the technical instructions provided all program participants.
- 3) Fedwire is not a routine electronic funds transfer option. If a taxpayer uses this emergency backup option, taxpayer must contact the Department by telephone in advance to provide notification of the emergency situation.

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

Section 750.700 Payment Transmission Errors

- a) If a taxpayer does not make a correct payment of tax for a particular period, such taxpayer shall, on the nearest business day to the date on which the error is discovered, contact the Department's EFT unit.
- b) If the taxpayer error involves an underpayment of tax, the taxpayer must make appropriate arrangements to initiate payment for the amount of the underpayment and penalties and interest.
- c) A failure to make an electronic funds transfer payment on or before the due date because of circumstances under the taxpayer's control, including but not limited to insufficiency of funds in the taxpayer's account or a direct payment to the Department using an unauthorized payment method, may result in the imposition of penalties and interest.

Section 750.800 Department Notification Requirement

Taxpayers submitting payments by electronic funds transfer under either the mandatory or voluntary electronic funds transfer programs, must notify the Department of any change of address, change of bank, or other change which may affect the taxpayer's ability to remit payment on or before the date the tax liability is due.

Section 750.900 Due Date; General Provisions

- a) Taxpayers who are required to remit tax payments through electronic funds transfer and voluntary program participants must initiate the transfer so that the amount due is deposited as collected funds to the Department's account on or before the due date under the appropriate tax act. Taxpayers should be aware that the provisions of Section 1.25 of the Statute on Statutes (Ill. Rev. Stat. 1991, ch. 1, par. 1026) [5 ILCS 70/1.25] do not apply to payments made by electronic funds transfer as the payments are not transmitted by mail.
- b) The electronic funds transfer method of payment does not change any current filing requirements for tax returns.
- c) In addition to the provisions for reasonable cause for late payment under the applicable tax laws, for electronic funds transfer purposes, reasonable cause for late payment by electronic funds transfer includes the following:

DEPARTMENT OF REVENUE

NOTICE OF PROPOSED RULES

- 1) The inability to gain access to the EFT system on the required date because of a system failure beyond the reasonable control of the taxpayer;
 - A) For example, in the case of ACH debit transactions, the taxpayer is unable to make telephone contact with the system to provide an instruction to transfer funds from the taxpayer's account, or
 - B) In the case of ACH credit transactions, the taxpayer's bank is unable to gain access to the ACH network to arrange for a deposit of funds with the Department.
- 2) The failure of the electronic funds transfer system to properly apply a payment; or
- 3) The failure of the electronic funds transfer system to issue proper verification of receipt of payment information.

NOTICE OF PROPOSED AMENDMENTS

Section 130.535 Payment of the Tax, Including Quarter Monthly Payments in Certain Instances

- a) Except as noted hereinafter, at the same time that a tax return required by the provisions of the Act is filed with the Department, the taxpayer shall pay the tax that is due with such return to the Department.
- b) If the taxpayer's average monthly tax liability to the Department under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the end 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such payments shall be credited against the final tax liability of the taxpayer's return for that month. If any such payment is not paid at the time required herein, then the taxpayer's 2%, 2.1% or 1.75% vendors' discount shall be reduced by 2%, 2.1% or 1.75% of the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, and the taxpayer shall be liable for penalties and interest on such difference except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section.

- c) Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of \$25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such

taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is \$25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due. (Section 3 of the Act)

- d) If any such payment or deposit provided for herein exceeds the taxpayer's present and probable future liabilities under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, the Department shall issue to the taxpayer a credit memorandum, which may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act.
- e) Any deposit previously made by a taxpayer who is required to make quarter monthly payments shall be applied against the taxpayer's liability to the Department under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act for the month preceding the first month in which the taxpayer is required to make such quarter monthly payments. If the deposit exceeds that liability, the Department shall issue the taxpayer a credit memorandum for the excess.
- f) For the purposes of this Section, the phrase "preceding 4 complete calendar quarters" means the preceding 4 complete calendar quarters for which returns would have been filed or should have been filed for the last month of the 4 quarter period since, until then, the making of the required computations for the 4 quarter period would be impossible. For example, the preceding 4 complete calendar quarters with reference to a November 1, 1976, date would actually have ended June 30, 1976, since most returns for the last month of that 4 quarter period would not have to have been filed until July 31, 1976, and the preceding 4 complete calendar quarters with reference to a July 1, 1977, date would actually end March 31, 1977, since most returns for the last month of that 4 quarter period would not have to be filed until April 30, 1977. The calendar quarters are January through March, April through June, July through September and October through December.
- g) Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department (See 86 Ill. Adm. Code 750 "Payment of Taxes by Electronic Funds Transfer") by electronic funds transfer. Beginning October 1 1994, a taxpayer who has an average monthly

tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer.

Section 144.230(c)(1) (continued)

- D) May keep up to \$100.00 of a resident's funds in a non-interest bearing account or a petty cash fund to be readily accessible for the resident's current expenditures.

- F) Shall purchase a surety bond to guarantee the security of residents' funds or shall purchase insurance in an amount and form sufficient to guarantee that all residents' funds are secure from loss, theft and insolvency.
- G) Shall take all steps necessary to ensure that a personal needs allowance that is placed in a resident's personal account is used exclusively by the resident or for the benefit of the resident. When funds withdrawn from a resident's personal account by any person other than the resident include a portion of the resident's personal needs allowance, the facility shall require the person initiating the withdrawal to sign an affidavit attesting that the funds withdrawn are to be used exclusively for the benefit of the resident.
- 2) If the facility is sold, the seller shall provide the buyer with a written verification by a public accountant of all residents' monies and properties being transferred, and obtain a signed receipt from the new owner.

The revisions also indicate that facilities must comply with the social services standards of the Illinois Department of Public Health.

Changes were made in Section 147. Table F regarding resident counseling about advance directives, and changes specify that resident counseling about advance directives as well as Medicare/Medicaid programs, medical services, community support services and personal allowances must be provided initially and annually thereafter.

Changes were also made in Section 147. Table C, which state new requirements concerning the composition of the interdisciplinary team in nursing facilities, and technical changes in Section 147.5 add previously omitted language and update a cross reference to Section 147. Table L.

Section 147.5 Reimbursement For Nursing Costs For Geriatric Residents In Group Care Facilities

a) Sections 147.15 through 147.175 describe the Department's method of reimbursement for nursing costs for geriatric residents in group care facilities, based on resident's need for care and the time and type of staff required to provide that care.

b) Resident Assessment Guidelines

The Resident Assessment Instrument is used to assess the variable needs of public assistance residents for determination of statewide rates and facility reimbursement levels. The Resident Assessment guidelines are described in Sections 147.15 through 147.75.

c) Interpretive Guidelines

The interpretive guidelines have been developed as a reference and working tool for staff and nursing facilities during the Inspection of Care (IOC) survey. The interpretive guidelines are described in Section 147. Table C through Table-K Table L.

(Source: Amended at 17 Ill. Reg. 8486, effective June 1, 1993)

Section 147. TABLE C Comprehensive Resident Assessment

a) Verification of Level of Service

A comprehensive resident assessment must be completed within 14 days of admission or, in the case of a significant change in resident condition, as soon as the resident stabilizes at a new functional or cognitive level or within 14 days, whichever is earlier and must be repeated no less often than every 12 months from the date of the last full comprehensive resident assessment. A comprehensive care plan must be developed within seven days of completion of the comprehensive resident assessment and updated every 90 days or sooner if the resident has experienced a significant change in status. The interdisciplinary team must examine each resident no less than once every 90 days and, as appropriate, revise the resident's assessment to assure the continued accuracy of the assessment. A resident would score on this level if two or more full comprehensive assessments were necessary and completed in the past year because of a significant change in the resident condition.

b) Needs Not Met

Section 147. Table C(c)(4) (continued)

- A) Deterioration in two or more activities of daily living, communication and/or cognitive abilities that appear permanent. For example, simultaneous functional and cognitive decline often experienced by residents with chronic, degenerative illness such as Alzheimer's Disease or pronounced functional changes following a stroke.
 - B) Loss of ability to freely ambulate or to use hands to grasp small objects to feed or groom oneself such as a spoon, toothbrush or comb. Such losses must be permanent and not attributable to identifiable, reversible causes such as drug toxicity from introducing a new medication or an episode of acute illness such as influenza.
 - C) Deterioration in behavior, mood and/or relationships where staff conclude that these changes in the resident's psychosocial status are not likely to improve without staff intervention.
 - D) A serious clinical complication.
 - E) A new diagnosis of a condition that is likely to affect the resident's physical, mental or psychosocial well-being over a prolonged period of time.
 - F) Onset of a significant weight loss or weight gain (5% in one month, 7.5% in three months, 10% in six months or a continuous weight loss or gain over six months) which is not a care plan goal.
 - G) Deterioration in a resident's health status where this change places the resident's life in danger, e.g., stroke, heart condition or diagnosis of metastatic cancer; is associated with a serious clinical complication, e.g., initial onset of nonrelieved delirium, or recurrent loss of consciousness; or is associated with an initial new diagnosis of a condition that is likely to affect the resident's physical, mental or psychosocial well-being over a prolonged period of time, e.g., Alzheimer's Disease or diabetes.
 - H) A marked and sudden improvement in the resident's status; for example, a comatose resident regaining consciousness.
- 5) Document in progress notes the initial identification of a significant change in status.

Section 147. Table C(c) (continued)

- 6) Once the interdisciplinary team determines the resident's change in status is likely to be permanent, complete a full comprehensive assessment within 14 days of this determination.
- 7) Do not assess the resident if declines in a resident's physical, mental or psychosocial well-being are being attributed to:
 - A) Discrete and easily reversible cause(s) documented in the resident's record and for which facility staff can initiate corrective action. For example, an anticipated side effect of introducing a psychotropic medication while attempting to establish a clinically effective dose level.
 - B) Short term acute illness such as a mild fever secondary to a cold from which facility staff expect full recovery of the resident's premorbid functional abilities and health status.
 - C) Well established, predictive cyclical patterns of clinical signs and symptoms associated with previously diagnosed conditions. For example, depressive symptoms in a resident previously diagnosed with bipolar disease.
- 8) The facility may amend assessment information collected during the 14 days postadmission period up until the 21st day after admission if any of the following three circumstances occur:
 - A) Staff have no way to complete an item by the 14th day because information is not available;
 - B) Further observation and interaction with the resident reveals the need to alter the initial assessments in any of the following MDS domains: cognitive patterns, communication patterns, potential for self-care improvement/rehabilitation; psychosocial well-being, mood and behavior patterns and activity pursuit patterns; or
 - C) Upon admission, the resident's condition is unstable because he/she is experiencing an acute illness or flare-up of a chronic problem and the acute illness or chronic problem is controlled by the 21st day.

Section 1235.10 Statutory Authority

HEALTH FACILITIES PLANNING BOARD

NOTICE OF ADOPTED RULES

Section 1235.30 Purpose

The General Assembly recognizes that patient referrals by health care workers for health services to an entity in which the referring health care worker has an investment interest may present a potential conflict of interest...it is the intent of the General Assembly to provide guidance to health care workers regarding acceptable patient referrals, to prohibit patient referrals to entities providing health services in which the referring health care worker has an investment interest, and to protect the citizens of Illinois from unnecessary and costly health care expenditures...it is not the intent of the General Assembly to limit appropriate delivery of care, nor force unnecessary changes in the structures created by workers for the health and convenience of their patients. (Section 20(h) of the Act)

SUBPART C: COMMUNITY NEED EXCEPTION

Section 1235.200 Introduction

One of the stated goals of the Health Care Worker Self-Referral Act is to "prohibit patient referrals to entities providing health services in which the referring health care worker has an investment interest". (Section 5 of the

HEALTH FACILITIES PLANNING BOARD

NOTICE OF ADOPTED RULES

Act) This provision can be tempered through the use of an exception for community need. As a concept community need can be segmented into two principal components: need for a particular service and the existence and availability of alternative financing. An applicant for a community need exception must document compliance with both principal components.

Section 1235.210 Community Need

a) A health care worker may invest in and refer to an entity if the State Board determines that in a referral arrangement alternative financing does not exist and that a demonstrated need for the service is present in the community.

b) The health care worker must document any of the following to demonstrate community need:

- 1) there is no other entity within the community that provides the medical service proposed; or
- 2) if the health service currently exists within the community, the use of these facilities can be shown to be a hardship for patients due to factors such as excessive (over 45 minutes) travel time to obtain service, existing admission or treatment policies of other entities which restrict the availability of the service, or perceived quality concerns by the general public involving existing providers which restrict the use of such services; or
- 3) the entity is formed to own or lease medical equipment which will replace obsolete or otherwise inadequate equipment that is in or under the control of a hospital located in a federally designated health manpower shortage area (Section 20(b)(3) of the Act) as documented by:
 - A) excessive downtime and high maintenance costs; or
 - B) the equipment representing an advancement in technology which will make available medical procedures not possible on existing equipment.

Section 1235.220 Alternative Financing

A health care worker may invest in and refer to an entity if the State Board determines a demonstrated community need exists and that alternative financing is not or was not available. The health care worker must document that individuals who are not in a position to refer patients to an entity are or were given a bona fide opportunity to also invest in the entity on the same terms as those offered a referring health care worker (Section 20(b)(1) of the Act) and that such investment was not forthcoming. Documentation shall consist of copies of all information that supports this position.

Section 1235.230 Assurances

In addition to documenting compliance with 1235.210 and 1235.220, a health care worker must document compliance with the assurances and conditions of this

HEALTH FACILITIES PLANNING BOARD

NOTICE OF ADOPTED RULES

Section. Documentation shall consist of a written profile as to how compliance will occur and copies of all supporting documentation. Assurances and conditions are:

- a) That no health care worker who invests shall be required or encouraged to make referrals to the entity or otherwise generate business as a condition of becoming or remaining an investor; and
- b) That the entity shall market or furnish its services to referring health care worker investors and other investors on equal terms; and
- c) That the entity shall not loan funds or guarantee any loans for health care workers who are in a position to refer to an entity; and
- d) That the income on the health care worker's investment shall be tied to the health care worker's equity in the facility rather than to the volume of referrals made; and
- e) That any investment contract between the entity and the health care worker shall not include any covenant or non-competition clause that prevents a health care worker from investing in other entities; and
- f) That when making a referral, a health care worker must disclose his investment interest in an entity to the patient being referred to such entity. If alternative facilities are reasonably available, the health care worker must provide the patient with a list of alternative facilities. The health care worker shall inform patients that they have the option to use an alternative facility other than one in which the health care worker has an investment interest and the patient will not be treated differently by the health care worker if the patient chooses to use another entity. This shall be applicable to all health care worker investors, including those who provide direct care or services for their patients in entities outside their office practices; and
- g) That if a third party payer requests information with regard to a health care worker's investment interest, the same shall be disclosed; and
- h) That the entity shall establish an internal utilization review program to ensure that investing health care workers provided appropriate or necessary utilization; and
- i) That if a health care worker's financial interest in an entity is incompatible with a referred patient's interest, the health care worker shall make alternative arrangements for the patient's care (Section 20(b) of the Act); and
- j) That all documentation required by the State Board to confirm that all assurances have been met will be provided upon request for a period of two years following exception issuance.

Section 1235.240 Application for Exception--Completeness Review

- a) Each application for exception must be submitted to the State Board in writing at the offices of the Executive Secretary, 525 W. Jefferson Street, Springfield IL 62761.
- b) The application must contain the following information in order to be complete:

- e) Pursuant to an approved application for exception, a health care worker may invest in and refer patients to the specific entity identified in the application, whether or not the health care worker provides direct services within said entity, based upon his or her having demonstrated community need for the entity and the unavailability of alternative financing.

Such a request must involve an entity with which the health care worker currently has or anticipates to have a financial involvement.

Section 1235.310 Request for Opinion--Completeness Review

- a) A request for an advisory opinion must be made by a health care worker, in writing, on forms as may be prescribed by the State Board and submitted to the Office of the Executive Secretary, 525-535 West Jefferson Street, Springfield, Illinois 62761.
